Pre-existing Medical Condition Cover

Because medical treatment abroad can be costly, it is advisable to obtain cover for pre-existing medical conditions. Freedom's policies allow you to claim for the cancellation of your holiday should you become unwell before your departure date, or for unplanned medical costs during your trip, if related in any way to the medical conditions and medication declared.

If travelling with people who do not have pre-existing medical conditions, it is still worth applying to be on the same specialist policy. This way, should **your** pre-existing medical condition(s) cause trip complications, travelling companions can also claim to cancel, cut short (curtail) or extend their trip. Terms and conditions apply.

Carer Cover

This cover option is designed specifically for carers and their disabled travelling companions. It entitles the insured to claim if the holiday has to be cancelled because the carer is unable to travel. The cover also offers replacement support to the disabled traveller in the event the carer becomes unwell or injured whilst on holiday and can no longer provide personal care. Terms and conditions apply.

Mobility Equipment Cover

Having a disability does not affect Freedom's travel insurance or the premium, unless you have associated medical conditions. What may be a concern is any mobility equipment you use on, such as a wheelchair or scooter. You can apply to cover your mobility equipment in the event of damage or loss up to a limit of £4,000. This additional cover may not be necessary if your mobility equipment is covered under your household and contents insurance.

Freedom's policies are underwritten by AXA Insurance UK plc. They are designed with the intention to include cover for declared pre-existing medical conditions and are available to permanent UK residents up to the age of 85 years (75 years for Annual Multi-Trip cover)
